2026 Annual General Meeting

April 30, 2026

Ontario's film and television industry is a powerful economic engine—creating tens of thousands of jobs, supporting small businesses and local supply chains, and attracting billions of dollars in domestic and international investment. Beyond that, it's a driving force that strengthens our province's reputation as a global cultural hub.

FilmOntario's 2026 Annual General Meeting is an opportunity to reflect on the achievements of its members, discuss ongoing challenges, and reaffirm your commitment to responsible stewardship of this vital sector. Thank you for your continued leadership and dedication to ensuring Ontario remains one of the world's most vibrant and competitive jurisdictions for film and TV production.

Our government will continue to make strategic investments to protect and strengthen our screen-based industries and build a resilient and competitive sector, both now and for the future.

My best wishes for a productive and engaging Annual General Meeting.
